Interview & Reflections

Interviewing a Professional

WHO IT'S FOR

Students & explorers

Try on real careers before committing. Badges prove the work.

Educators & CTE

A ready 346-lesson sequence with checkpoints and a leader edition.

Employers

A screened, pre-trained pipeline into apprenticeships and entry roles.

Funders & leaders

Movement from awareness to credential, reported by cohort and coin.

WHAT IT IS

A self-paced, coach-supported pathway in the Force for Health® 360° Academy. Learners work five stages in order, explore at least three real careers, interview a working professional and leave with a written career plan — then step into a registered apprenticeship or an entry-level role.

Built on the on-ramp. Assumes learners have earned **New Member Basics** · **VIVA** · **Health BASICS** — platform fluency, the language of the body, and health literacy.
